Dissanting Proposals

I

LOK SABHA CONSTITUENCIES

Ratangiri District is divided into two Lok Sabha Constituencies i.e. (1) Rajapur Constituency consisting of Six Vidhansabha Constituencies of South Ratangiri (2) Ratangiri Lok Sabha Constituency consisting of Six Vidhansabha Constituencies of the Northern part of Ratangiri District and Mahad of Kulaba District.

VIDHANSABHA CONSTITUENCIES

So far there were 13 Vidhansabha seats allotted to our district. Now that number is reduced to 11 and further this deduction is made from only Rajapur Parliamentary Constituency and, which we feel principally is unfair. As such it is suggested that one Vidhansabha Constituency from each of the two Lok Sabha Constituency should be dropped in order to ensure the proper and just balance. Based on the Principals of population balance, Geographical Contiguity, transport facilities and Social connections the following delimitation is proposed of the Vidhansabha Constituencies in Ratangiri District.

*Present draft proposal of Delimitation Commission**Or proposed Changes*

1. Rajapur Constituency
Rajapur Tahasil
Bhambad R.I.C of
Lanja Tahasil

Rajapur Constituency	
Rajapur Tahasil	161493
	35443
	<hr/>
	196936
	<hr/>
	161493

Reasons—Rajapur Tahsil geographically spans from sea coast to the hilly and inaccessible ranges of shadvi. Addition of equally inaccessible region of Bhambad RIC will render this constituency most inconvenient for communication. Considering this point it is suggested that Bhambad RIC should not be included in it. Besides the population of Rajapur is adequate to constitute one constituency.

The following minor modifications in the proposed constituencies in District Thana Maharashtra, are suggested:—

1. (56) *AMBERNATH*

In Ambernath Assembly constituency the exclusion of Dombivali Municipality contravenes the basic principles laid down for the formation.

Dombivali Municipality is part and parcel of Thakurli Revenue circle. So it will be more natural to include the Dombivali Municipality in Ambernath Assembly Constituency. In between Dombivali and Kalyan there is a Thakurli Railway Station and all other villages of Thakurli revenue circle.

Dombivali Municipality, which is proposed to be included in Kalyan Assembly is not contiguous to Kalyan Municipal Limits. Moreover all the villages in Thakurli revenue circle are having shopping facilities in Dombivali Municipal area. All the I.D.C. Industrial area which has been developed in Thakurli revenue circle mainly because Dombivali being a railway station. Moreover Dombivali Municipal limits are surrounded all round by the villages of the Thakurli revenue circle. On the grounds mentioned above, the Dombivali Municipality should be included in the Ambernath Assembly constituency.

Ulhasnagar Tahsil Population excluding Badlapur RIC	94,299
Thakurli RIC including Dombivali Municipal limits	87,081
	<hr/> 1,81,380

As Dombivali Municipal area is included in Ambernath Constituency, further changes are consequential.

2. (57) *KALYAN*

In proposed Kalyan Assembly constituency the inclusion of Dombivali Municipality is contravening the principles laid down. Kalyan and Dombivali are not closely connected as Thakurli revenue circle and other villages in Thakurli revenue circle. For instance Chola Grampanchayat and Thakurli Grampanchayat are situated between these two townships. Moreover Kalyan and Dombivali are having no business relations whatsoever except railway line. There is no means of communications by road directly. On these basic principles Dombivali Municipality should be excluded from Kalyan Assembly constituency. Our proposal for Kalyan Assembly constituency is as follows:

Kalyan Municipality	99,547
Kalyan RIC	19,477
Shahad RIC	41,706
	<hr/> 1,60,730

3. (58) *MURBAD*

In the proposed Murbad constituency, the Vasind revenue circle in Shahpur tahsil is against the basic principles. Vasind revenue circle is far away from Murbad. Moreover there is no direct road connecting to these villages in Vasind revenue circle. The villages in Vasind revenue circle have no economic, social and cultural relations. Whatsoever, with the villages in Murbad tahsil, there will be lot of inconvenience to arrange the election campaign from Murbad in Vasind revenue circle. Comparatively the inclusion of Badlapur revenue circle in Ulhasnagar tahsil will be in more consonance with the principles laid down. This Badlapur revenue circle was already in old Kalyan tahsil prior to the Division into Kalyan and Ulhasnagar tahsils. Moreover this Badlapur revenue circle was part of Murbad Assembly constituency from 1952. Therefore it will be in interest of justice to include Badlapur revenue circle in Ulhasnagar tahsil.

Our proposal is as follows:—

Murbad tahsil	99,585
Nadgaon RIC	12,869
Titwala RIC	13,702
Badlapur RIC in Ulhasnagar	22,272
	<hr/> 1,48,428

4. (65) SHAHAPUR (ST) :

Shahapur T.	1,43,325
Mokhada T.	54,430
	<u>1,97,755</u>

Vashind RIC from Shahapur Tahsil which has been excluded from Murbad Constituency for the reason that it has no direct means of communications to Murbad should be included in Shahapur Constituency. The other reason for keeping Vaishnd RIC in Shahapur Constituency is that the Shahapur Constituency is reserved for S.T. In Vashind RIC the S.T. population is to the extent of 20.77%. So it would be in the interest of the S.T. population to keep the R.I.C. in its own Tahsil.

Proposed changes in Pachora, Chalisgaon, Jalgaon, Bhusaval, Chopada in Edlabad Assembly constituencies of the Jalgaon District in Maharashtra State

We propose some important changes in the following Assembly Constituencies for some reasons and justification given below.

Draft Proposal by Election Commission

Name of the Constituency	Extent	1971 Census Population	S.C.	S.T.
		Total		
96 Pachora	Pachora Tahsil and Waghali RIC in Chalisgaon Tahsil	1,49,422	6,092	7,100
		32,757	2,031	2,176
		<u>1,82,179</u>	<u>8,123</u> (4.46)	<u>9,276</u> (5.09)
90 Chalisgaon (SC)	Chalisgaon Tahsil (excluding Waghali RIC)	1,68,437	9,648 (5.73)	9,276 (6.78)

Proposed by Voters and Workers

Name of the Constituency	Extent	Population		
		Total	S.C.	S.T.
96 Pachora	Pachora Tahsil	1,49,492	6,092	7,10
90 Chalisgaon	Chalisgaon Tahsil	2,01,194	11,679	13,599

Reasons

Pachora and Chalisgaon are Municipal Cities and are independent Head Quarters of Tahsil. The departments and offices such as revenue, Block Development Agriculture, B&C, Irrigation Power etc. offices are located at Tahsil i.e. at Pachora and Chalisgaon. These are also big Marketing Places of Tahsil. The voters usually come to Tahsil for marketing and at the same time if they have got any difficulty and grievances. They try to solve these difficulties through their representatives (MLA) as the representative usually stay at Tahsil. If the representative has to look after more than one Tahsil it goes very difficult for him to keep the contact of both Tahsils. Waghali RIC is from Chalisgaon Tahsil. It is included in Pachora Constituency on the ground of Population. However the population of Pachora Tahsil is 1,49,422 and the population of Chalisgaon Tahsil is 2,01,194 including Waghali RIC. So on the basis of population if we

frame Pachora Tahsil and Chalisgaon Tahsil as independant Assembly constituency it will be more convenient to the voters as Waghal RIC is very close and near to Chalisgaon Tahsil. Even on the ground of Population Chalisgaon Constituency will not be bigger or Pachora Constituency will not be smaller as the Honourable Election Commissioner has proposed the Constituencies having the population more than 2 lakhs and in some cases less than 1 lakh fifty thousand. For Example:

3-GREATER BOMBAY

	Average Population per Seat:	1,75,605
	110% of (a) above	1,93,165
	90% of (a) above	1,58,045
24 MALABAR HILL	2,05,524	
28 MILLS-I (BHOIWADA)	2,03,819	
128 PULGAON	2,06,148	11-WARDHA DISTRICT
130 HINGANGHAT	2,04,403	" "

20-OSMANABAD DISTRICT

	Average population per seat:	1,72,426
	110% of (a) above	1,89,668
	90% of (a) above	1,55,184
205-HER	1,45,321	
83-TALODA	1,49,170	6-DHULIA DISTRICT
84-SHAHADA	1,46,257	" "

Moreover the balances of percentage of S.C. and S.T. population will not be disturbed by accepting the above changes in the constituency. Similarly on the ground of population, distance, convenience and compactness of Constituency, it is desirable and just to have Pachora Tahsil and Chalisgaon Tahsil as independent Assembly Constituencies.

Draft Proposal by Election Commission

OR				
98 Bhusaval	Bhusaval Circle	1,44,802	5,813	3,742
	Jalgaon Rural	50,772	1,617	1,057
	(excluding Varangaon Bodwad and Golegaon RIC in Bhusaval Tahsil).	1,95,574	7,430	4,798
101 Edlabad	Edlabad Tahsil	75,905	3,303	1,745
	Varangaon RIC	45,191	1,866	1,129
	Bodwad RIC	38,474	1,875	907
	Golegaon RIC in Bhusaval Tahsil	14,100	727	946
		1,73,670	7,771	4,727

Reasons

Jalgaon District has been allotted Twelve Assembly Constituencies divided them into two Lok Sabha Constituencies such as 17-Jalgaon Parliamentary Constituency includes 95-Jalgaon, 97-Jamner, 98-Bhusaval, 99-Yawal, 100-Raver and 101-Edlabad, the population being 10,32,396. 16-Erandol Parliamentary Constituency included 90-Chalisgaon, 91-Parola, 92-Amalner, 93-Chopada, 94-Erandole and 96-Pachora population being 10,90,725.

93-Chopada Assembly Constituency includes Kanalada RIC which is from Jalgaon Tahsil while Chopada Tahsil forms the part of 16-Erandol Parliamentary Constituency and 95-Jalgaon Assembly Constituency forms the part of 17-Jalgaon Parliamentary Constituency. So instead of

Keeping Kanalda RIC in Chopada Assembly Constituency it will be more logical, proper and convenient to keep Kanalda RIC in Jalgaon Assembly Constituency. If we accept the change the population of these two Parliamentary Constituencies will be as follows :— 16-Erondol Parliamentary Constituency 1,056,167 and 17-Jalgaon Parliamentary Constituency 10,56,954 as the population of SC and ST is less in these constituencies. The balance and the percentage of SC and ST population will not be disturbed.

Considering the facilities available to the voters such as communications, transport, distance compactness etc. it is more convenient and proper to exclude Kanalda RIC from 93-Chopada Assembly Constituency. There is a big Tapti River between Chopada Tahsil and Kanalda RIC of Jalgaon Tahsil which has no bridging facilities. The Candidate of Chopada Constituency will have to go from the Chopada to Jalgaon and then to come Kanalda for propaganda. The distance by road from Chopada to Jalgaon is about 40 to 50 miles and from Jalgaon to Kanalda is about 5 to 20 miles. This will create a big hardship in election campaign. If we exclude the Kanalda RIC from 93-Chopada Assembly Constituency the population of this Constituency will be 1,54,294 as shown above. This population is sufficient so as to frame 93-Chopada Assembly Constituency of Chopada Tahsil only.

Now considering the above proposal we will have to include Kanalda RIC in 95-Jalgaon Assembly Constituency thereby the population of 95-Jalgaon Assembly Constituency will be 2,34,423. This population will be more for one constituency. To minimise this we will have to exclude Jalgaon Rural from 95-Jalgaon Constituency and to include it in 98-Bhusaval Assembly Constituency (at present 98-Bhusaval Assembly Constituency consists of this area only). This change will effect in making 95-Jalgaon Assembly Constituency of 1,83,651 and 98-Bhusaval Assembly Constituency of 2,09,674 suppose if we feel that the population of 98-Bhusaval Constituency is more than the fix norms then in that case we can exclude Goregaon RIC from 98-Bhusaval Assembly Constituency and include it in 101-Edlabad Assembly Constituency thereby the population of 98-Bhusaval Assembly Constituency will be, 1,95,574 and 101-Edlabad Assembly Constituency be 1,73,670 without disturbing the balance and percentage of SC and ST population.

I discussed the proposed Constituencies with the workers and the Voters of my district and after discussions they have given the above proposals. I also discussed the changes with the Honourable Members of DELIMITATION COMMISSION of our State. They have no objections in accepting these changes by the Honourable Election Commission. I therefore humbly request to the Delimitation Commission to accept the above proposals.

I wish to suggest the following changes in 119-Melghat Assembly Constituency for consideration.

Commission's proposal

1. Melghat Tahsil
2. Paratwada Municipality and Paratwada RIC in Achalpur Tahsil.

Changes suggested

1. Melghat Tahsil
2. Include villages specified in the list attached.
3. Delete the villages as per list attached.
4. Delete Paratwada Municipality in Achalpur Tahsil.

The changes suggested are with a view to make the Constituency more contiguous and compact. There are more tribals and hence it is a Scheduled Tribe Constituency. The villages suggested to be included have more Scheduled Tribes population and villages suggested to be deleted have more non-Tribals.

I propose the following amendment, to constituencies 170, 173, 175 for the reasons given below:—

Nanded Tahsil comprises of 4 R.I. Cs.

Kandhar „ „ „ 4 „

Biloli „ „ „ 5 „

As proposed both Nanded Tahsil and Biloli Tahsil get a separate constituency. But Kandhar Tahsil, even though it comprises of 4 R.I.C.s is not given a separate seat. It is not justifiable to divide a Tahsil having four R.I.C.s. to divide in two parts. It will be more natural and in the interest of justice and equity that each Tahsil as far as possible should get a separate seat and this has been done in so many cases even though the population in a small Tahsil is less than the average population for a seat in the District.

Therefore it will be most natural and justifiable and in the interest of justice and equity to provide a separate seat for Kandhar Tahsil comprising of three R.I.Cs. of Kandhar Tahsil and some part of adjoining R.I.C. from an adjoining Tahsil.

Proposal in respect of Aurangabad District, proposing some basic changes in Constituency No. 185, 186 and 187

I most humbly submits as under that the Jalna Constituency No. 186, which is proposed in working paper is not good, adjacent and not of the same Taluka.

Badnapur RIC which is most adjacent and of the same Taluka Jalna is joined in Peer-kalyan instead of Jalna, and Raniuchegaon RIC which is adjacent to Ner is joined to Jalna Constituency.

Hence taking into consideration all the facts, following New porposals are submitted to your kind consideration. Which may kindly be taken into consideration and be accepted.

It is proposed that some villages from Malshiras R.I.C. should be included in Sangola Constituency. Some of these villages have irrigation facilities. The entire 'Sangola Tahsil' is scarcity affected area and very much backward in all respect. So if some villages are to be included in 'Sangola Constituency', those villages should be as far as possible having the same problems as that of the people from Sangola Tahsil.

So I proposed that the following villages from 'Sangola Constituency' should be excluded and should be included in 'Malshiras Constituency'

(1)	Islampur	2410
(2)	Madki	1419
(3)	Jalabhi	616

It is requested that this amendment should be accepted.

I propose the following amendment to 270, 273, 274 constituencies in Sangli District.

No. 270 should be renamed as *Vite*

No. 274 should be renamed as *Atpadi*

Amendments

270. Vite

Vite RIC	53,661
Kadepur RIC	44,753
Wangi RIC of Khanapur Tahsil and Visapur in Tasgaon Tahsil	42,345 39,676
	<hr/> 1,80,435 <hr/>

273. Tasgaon

Tasgaon RIC	71,136
And Bhilawadi RIC in Tasgaon Tahsil	87,581
	<hr/> 1,58,717 <hr/>

274. Atpadi

Atpadi Tahsil	74,580
Khanapur RIC in Khanapur Tahsil	45,573
Savalaj RIC in Tasgaon Tahsil	52,286
	<hr/> 1,72,439 <hr/>

In this proposed constituency a crucial question arises. And that is, whether the Vite RIC of Khanapur tahsil should be joined to Atpadi tahsil and thereby detached from the two RICs of the same tahsil viz; Wangi and Kadepur RICs.

In this connection it may be pointed here one important fact that Vite town is the head-quarter of Khanapur tahsil.

Vite Town has its Municipality, a College, a Judicial Court, Tahsildar's office, Police Sub-Inspector's Office, Industrial Estate having Powerloom units etc.

Vite is also a good trade and commerce centre having good transport links.

If Vite RIC of Khanapur tahsil is not detached from the two RICs of the same tahsil viz; Wangi and Kadepur, it would be possible to form a separate Assembly Constituency, if one adjoining RICs, viz; *Visapur*, is joined, to it.

Thus the all sided importance of Vite would be conveniently maintained if such a Constituency is delimited.

The second point, in this respect may please be taken into consideration. That is, whether it is desirable, proper and justifiable to divide the Khanapur tahsil having 4 RICs and include vts 2 RICs in one Constituency, viz; *Atpadi* and the remaining 2 RICs in another Constituency viz; *Bhilawadi*.

Generally the entity of a tahsil is maintained either fully or substantially as far as possible when eliminating an Assembly Constituency.

In case of Khanapur tahsil when it is possible to form a separate Constituency by combining 3 RIC out of 4 thereof, it would not be justifiable to divide this tahsil into two slices each containing 2 RICs just to attach them to said two *separatr* Constituencies.

This proposal for a *separate* Vite Assembly Constituency may therefore, please be accepted.

The consequential change in the Atpadi Constituency would be to include one separate RIC therein instead of Vite RIC.

This can be done only by including Savala RIC of Tasgaon tahsil in Atpadi Constituency.

One more point also needs careful consideration in this case. And that is, whether it is absolutely, essential to join the two RICs, viz; Wangi RIC and Kadepur RIC in Khanapur tahsil to Bhilawadi RIC of Tasgaon tahsil, when *Bhilawadi RIC is not connected by direct roads to Wangi and Kadpur RICs* and also not having any trade and commercial transactions and relations arising therefrom with the Wangi and Kadepur RICs of Ka Khanapur tahsil.

In view of the said grounds the amended proposals may kindly be accepted.

It is proposed to make slight changes in 268-Shirala Constituency n and 269 Walva Constituency in Sangli District.

As the Shirala Tahsil has got less than required population for a constituency, the commission has proposed to take out Yelur R.I.C. from Walve Tahsil and include the same to Shirala Tahsil.

From 1962, five villages viz. Kasegaon, Wategaon, Shene, Surul, and Zarde from Yelur R.I.C. were in Walva constituency and seven villages viz. Gotkhindi, Bhadkimbe, Bahadurwadi, Kanegaon, Koregaon, Tandulwadi, Malewadi from Ashta R.I.C. were in Shirala constituency. It is proposed to keep the same villages in the respective constituencies. By proposing this change, there will not be material change in the population of these two constituencies. The villages which were in S Walve constituency are unwilling to go to Shirala constituency and therefore slight changes as follows are proposed in Shirala and Walva on constituencies.

(I) Following five villages from Yelur RIC of Walve Tahsil may please be include in Walva constituency :

- (1) Kasegaon
- (2) Wategaon
- (3) Shene
- (4) Surul
- (5) Ozarade

(I) Following seven villages from Ashta R. I. C. of walva Tahsi, may please be excludet from Walva constituency and inclded on Shirals Constituency.

- (2) Bhadkimbe
- (3) Bahadurwadi
- (4) Kanegaon

28-7-1974.

I propose the following amendments to 277, 278, 279, 280, 281, 284, 285 constituencies in Kolhapur District.

Reasons for Amendments

Kolhapur and Karvir—(1) 6 Election Wards viz; No. 1 to 4, 24 and 30 having population of the Kolhapur Municipal Corporation, should be included in the *Kolhapur* Constituency instead of the *Karvir* Constituency as proposed originally.

A, B, C, and D wards of the Kolhapur City comprise 'Old' Kolhapur which is a compact and thickly populated part of the present Kolhapur City.

Kolhapur—(2)—7 Election Wards viz., No. 39 to 45 of the Kolhapur Municipal Corporation may please be included in the *Karvir* Constituency. The said Election Wards of the Kolhapur Municipal Corporation are situated in the extended parts of the Kolhapur City and included in the 'E' Ward thereof.

It is therefore, proposed that these wards may please be included in the *Karvir* Constituency.

These 7 wards have population which should be deducted from the population of..... which has been proposed to be included in the *Kolhapur* Constituency.

It may be pointed out here that the areas included in the said 6 municipal election wards were included in the Kolhapur City Constituency even in the last two elections, Assembly viz., 1967 and 1972, on account of the above mentioned reason. This inclusion of these 6 Municipal election wards in the Kolhapur Constituency may therefore, be continued as before.

The effect of the above 3 amendments would be as follows :—

Kolhapur Constituency	Population
Karvir Constituency	Population

(3) Instead of the inclusion of the Kolhapur Rural in Karvir Constituency, Kolhapur Rural part may please be included in the Vadgaon (or Hatkanangale) Reserved Constituency for the following reasons—

1. It has very high percentage of the Scheduled Castes, viz., 18.09.
2. It is adjoining to both the Hatkanangale and Vadgaon circles having highest and high percentage of Scheduled Caste population viz. 18.21% and 16.15%
3. These areas together forms a compact part of the Kolhapur District which has at 17.48 per cent of the Scheduled Caste population the highest percentage in any of the proposed constituencies.

The non-inclusion of the Karvir Rural in the Karvir Constituency would have the effect of 30,415 population.

(B) Thus in view of the above amendments the *Karvir* Constituency will have the following population :—

Original proposal Deduction of the population 6 Municipal election Wards viz ; Nos. 1 to 4, 24; and 30 in the Old City. Addition of the population of 7 Municipal Election Wards viz. 39 to 45 in the extended part of the City. Deduction of the population of Kolhapur Rural viz. 30,415.

(A) In view of the above amendments the *Kolhapur* Constituency will have the following population—

According to original proposal. Addition of the population of 6 Municipal Election Wards viz. 1 to 4, 24 and 30, in the Old City. Deduction of the population of 7 Municipal Election Wards viz. 39 to 45 in the extended part of the City.

I propose the following amendments to Parliamentary constituencies No. 47, 48 of Kolhapur District.

*Alternate proposals for two Parliamentary Constituencies in Kolhapur District**Amendments*47. *Kolhapur*

284. Kolhapur	161,573
285. Karvir	159,241
282. Sangrul	158,051
280. Shahuwadi	160,341
281. Panhala and	171,865
283. Radhanagari	182,151
	<hr/>
	993,222

These Assembly constituencies are very contiguous and closely connected with Kolhapur. This proposal for the amended Kolhapur Parliamentary Constituency may, therefore, be accepted.

The other Parliamentary Constituency would, then be as follows :—

43. *Ichalkaranji*—

277. Shirol	185,213
278. Ichalkaranji	179,642
279. Vadgaon (SC)	180,756
286. Kagal	158,795
287. Gadhinglaj	166,316
288. Chandgad	184,104
	<hr/>
	10,54,826

This proposal therefore, may please be accepted.

PARLIAMENTARY CONSTITUENCIES

Amendments

47 Kolhapur—2) For the last two elections 1967 and 1971 the Shirol, Ichalkaranji (then Hatkanagale) and Vadgaon (SC) were not joined to Kolhapur Parliamentary Constituency.

(1) Kolhapur Parliamentary Constituency for the last two general elections, viz. 1967 and 1971, comprised the following Assembly Constituencies :—

1. Kolhapur, 2. Karvir, 3. Kagal, 4. Gadhinglaj, 5. Chandgad and 6. *Sawantwadi*. Instead of the Sawantwadi Assembly Constituency, the newly formed *Sangrul* Assembly Constituency, which is mostly a part of the Karvir taluka, may please be included now in this Kolhapur Parliamentary Constituency.

In view of the above grounds the Kolhapur Parliamentary Constituency should comprise the following Assembly Constituencies—

Kolhapur (284)	Karvir (285)	Sangrul (282)	Kagal (286)	Gadhinglaj and (287)	Chandgad (288)
-------------------	-----------------	------------------	----------------	-------------------------	-------------------

48. *Ichalkaranji Parliamentary Constituency*

If the Kolhapur Parliamentary Constituency as proposed above is accepted then the remaining Parliamentary Constituency, viz. Ichalkaranji, would comprise the following Assembly Constituencies :—

Shirol (277)	Ichalkaranji (278)	Vadgaon(SC) (279)	Shahuwadi (280)	Panhala and (281)	Radhanagri (283)
-----------------	-----------------------	----------------------	--------------------	----------------------	---------------------

This was the Parliamentary Constituency for the last two elections, viz. 1967 and 1971 under the name 'Hatkanagale'.

The above proposals for the formation of two Parliamentary Constituencies may, therefore, be accepted.

That suggestion by Shri D. B. Patil, MLA, Associate Member from Maharashtra, if accepted by the Commission regarding No. 171 Sonkhed, L.A. Constituency in Nanded Parliamentary constituency. In view of above change we wish to suggest a consequential change in 29-Hingoli and 30-Nanded Parliamentary constituency as above. The reasons for change suggested are :—

- Mudkhed assembly constituency as constituted is contiguous with Hingoli parliamentary constituency on all sides and makes the parliamentary constituency 29-Hingoli more compact one as would be evident from map suggested.
- Almost 80% villagers from reconstituted Mudkhed L.A. Constituency are included in area of operation of Marathwada Sahakari Sakher Karkhana Ltd., Dongarkada in 29-Hingoli Parliamentary Constituency.
- Almost all the villagers of the three L. A. constituencies (including Mudkhed) are covered by the command area of Aurna and Upper Penganga irrigation projects both of which are situated in Hingoli parliamentary constituency.
- Kinwat L. A. constituency which has come to Maharashtra in 1956 from Adilabad district of Andhra Pradesh in States reorganisation has traditionally formed part of Nanded Parliamentary constituency since then.

SCHEDULED TRIBES CONSTITUENCIES

In Maharashtra State there are 17 scheduled tribes Assembly Constituencies proposed by the Delimitation Commission. In Vidarbha region, Amravati District and Chandrapur District have got one and two seats respectively. The existing seat of Ralegaon Constituency in Yeotmal district is deleted by the Commission. We propose one seat for Yeotmal District. We have proposed a change in Ralegaon and Kelapur Constituencies in Yeotmal District by other draft signed by me. According to that proposed changed Ralegaon Constituency owns a S.T. population of 62864 i.e. 32.89%, while in Kelapur the scheduled tribe population is 50692 i.e. 30.69%. There is a schedule area in the Yeotmal District and as such Yeotmal District has higher rate of population of scheduled tribes. Ralegaon may have a less percentage than Nandurbar Constituency in Dhulia District which is at No. 17 in Scheduled Tribes' list but I propose Ralegaon should be scheduled tribe Constituency even though it may be number 18. Out of 17 Constituencies given in the proposal, any one constituency can be deleted for Ralegaon and thus present position of Ralegaon as Scheduled Tribe Constituency be maintained.

SCHEDULED CASTE CONSTITUENCIES

In whole of Maharashtra 17 Assembly seats are allotted to scheduled castes. But those seats are concentrated more in Marathwada region and according to the proposal of Delimitation Commission Marathwada region gets 6 Assembly Constituencies and two Parliamentary Constituencies. We want to spread out those 17 scheduled caste seats region-wise as follows:—

1. Vidarbha Region	3
2. Marathwada	4
3. Greater Bombay	2
4. Bombay Division	2
5. Poona Division	6

In Bombay proper new name 30-Ambedkar-nagar Constituency (Chauls) should be scheduled caste constituency and second one should be 35-Dharav i Constituency (Marunga). In Bombay Division Dewalali in Nasik District and Chalisgaon in Jalgaon District should be the scheduled Caste Constituencies, which are also proposed by the Delimitation Commission. Vidarbha area at present is having three scheduled caste Constituencies. One Constituency i.e. North Nagpur in Nagpur Corporation Area should be scheduled caste reserved Constituency. No. 114-Washim Constituency in Akola District, should also be scheduled caste Constituency and No. 143-Bhandara Constituency in Bhandara District should also be scheduled caste Constituency instead of No. 145-Tirora Constituency. 174-Degloor, the proposed scheduled caste constituency in Nanded District should remain as proposed. 176-Gangakhed in Parbhani District should remain scheduled caste constituency as proposed. 205-Her in Osmanabad District should also be scheduled caste constituency as proposed. 207-Kallam in Osmanabad District should remain as scheduled caste Constituency as proposed.

These are the four following Constituencies in Poona Division which we propose as scheduled caste Constituencies.

No. 218	• • • • •	North Sholapur
No. 259	• • • • •	Man in Satara District.
No. 276	• • • • •	Jath in Sangli District
No. 279	• • • • •	Wadgaon in Kolhapur District

These four are the proposed scheduled caste constituencies by the Commission. In Ahmednagar District we propose No. 228 Shrigonda in place of No. 227 Karjat as scheduled caste constituency and according to our proposed change of the Ahmednagar District, Shrigonda has got more percentage of scheduled caste population than that of Karjat Constituency. In Poona District we propose 248-Parvati as scheduled caste constituency in place of 255-Baramati and according to our proposed change which we have given Parvati has got higher percentage of scheduled caste of population. Thus according to our proposal each Corporation Area in Maharashtra State gets one scheduled caste seat which is necessary.

Schedule Caste Parliamentary Constituencies in Maharashtra State

At present there are 3 seats and seats proposed by Commission are also three, viz. 36 Osmanabad, 38 Pandharpur and 34 Bhir. 36 Osmanabad and 34 Bhir both these seats are in Marathwada region. Our proposal is that 34 Bhir should be made general and in its place 18 Buldhana existing Reserved in Vidarbha region should be reserved so that Vidarbha, Marathwada and Western Maharashtra Region get one seat each and this way seats are allotted region-wise.
